## **CCI Wireless Sale**

After 13 years the CCI Wireless Shareholders have agreed to sell to Xplornet. The decision to sell CCI Wireless was not an easy task. The shareholders have put a lot of time and effort into bringing top quality broadband Services to Rural Alberta.

The decision to sell was due in part to an everchanging world of Broadband Services. The Shareholders felt Xplornet was a good fit to take CCI Wireless into the future for Rural Albertans.

Both proudly rooted in rural Canada, Xplornet and CCI Wireless share a commitment to expanding connectivity and supporting technological innovation in Canada's rural communities. With this acquisition, rural residents in western Canada will benefit from stronger competition and a newly strengthened operational presence tightly connected to rural communities in western Canada.

The LLBDNGC is proud of the accomplishments of CCI Wireless since its inception in 2007 and will continue to give our full support any way we can going into the future.
